1st October Rabbitte Ranch Visit - End of Term Trip RABBITTE		-A visit to Rabbitte Ranch in Invercargill to see all the baby animals and ride the pony and donkey. Following this we will go to Chipmunks for a play and lunch!	

Online Scams - Some Helpful Tips!

Police want people to remember some fundamental tips to help prevent being scammed when purchasing goods online.

Look after your personal details in the same way you would your wallet and other possessions.

Check the profile of someone who is contacting you unexpectedly, as it may be a fake.

If something looks or sounds too good to be true, it probably is.

If you think you may have been a victim of a scam, notify your bank immediately, and call Police on 105 to report it.

We are also aware that scammers may target elderly or vulnerable people, so we urge people to have conversations with older or vulnerable family members about keeping safe online and being aware of suspicious activity and tactics used by scammers.

In general, Police advise people to buy and sell off regulated websites such as Trade Me. Police also urge people not to hand over the goods they are selling until the payment has been cleared and the money is in their bank account. Verify the funds are cleared if you can with your bank. If you are buying items, avoid doing so on social media and purchase them from legitimate stores or companies.

If you decide to purchase off social media, we encourage you to take basic precautions to protect yourself. This includes:

- Insist on meeting to conduct transactions and examine the item before completing the transaction. Meet in a public place and take a friend. DO NOT go into someone's house or allow them into yours, DO NOT deposit money into another person's account.
- Learning more about the person you are buying from or selling to. Note: You can tap on a person's profile on the product listing page to see if you have any friends in common, their marketplace activity, and any ratings they may have received.
- Protect yourself from online scams. Check out www.netsafe.org.nz/advice/scams/
- Ensure friends and family, especially anyone vulnerable, understand what to do to protect themselves. Be the person to provide that ongoing support and advice.
- Trust your instincts if it's too good to be true or sounds like a scam, it probably is.

https://www.police.govt.nz/advice/email-andinternet-safety/internet-scams-spam-and-fraud

History of the Waiau Valley Request

Lloyd Esler, Author

I am doing a small book on the history of the Waiau Valley from the Mararoa Weir down to the ocean and including Te Waewae Bay from Orepuki to Port Craig.

Publication will be about November 2022.

The more I delve into it the more interesting it gets - a lot of it a bit depressing with the loss of the industries that briefly flourished - Port Craig, cement works, Orepuki shale, platinum, goldfields, mills and railways.

I'm keen to get as much information as I can and looking for stories and pictures.

A few things I want to find:

- Any proof that Dorothy Sherriff wrote 'On top of the World';
- Pictures of people gathering toheroas on Bluecliffs Beach:
- The wreck of the dredge in the lagoon;
- Cave drawings at Clifden;
- Making the Hauroko road;
- Goldmining on the beach;
- The railway terminus at Te Houka;
- Traction engines at work:
- Building the pylons;
- The river in flood;
- A Waiau flaxmill and dairy factory;
- The 'Limestone Gorge' at Clifden in its pristine state; and
- The rail bridge at Orawia.

It's a bit of a tall order but old photo albums and postcards and written accounts of life in the old days most welcome.

Thank you very much.

Ph: 0800 103 046 to book.

Please book as soon as you receive your appointment.

TUATAPERE VOLUNTEER FIRE BRIGADE

We're on the lookout for members to join this rewarding organization. We are looking for persons who are, ideally, available throughout the day. If you think that you would like to try this (sometimes lifelong) commitment, then

(sometimes lifelong) commitment, then please feel free to come and try it!
We train on Tuesday nights at 7:30pm during daylight saving and 7pm through

the winter months. We look forward to meeting

with you.

Tuatapere Lions Club

John Knowler

Greetings from the Tuatapere Lions Club - no mention of the weather!

Our hay drive is tidied up for this year and we had a most enjoyable evening recently where the club was able to extend to the long list of sponsors, helpers, truck owners and drivers and of course the representatives of the organisations who received the grants, a warm welcome.

The amount raised was \$40,000. After expenses etc, the following is the list of grant recepients:

• Hospice Southland \$10,000

Clubs FREE Ambulance \$10,000Southland Multiple Sclerosis \$2,000

The balance of \$18,000 is to be held in trust for local education community groups and other requests.

Mention must be made of the \$7,000 donation to the Hospice from the Tuatapere Golf Club - being profit from their very successful Waitangi Golf Tournament.

Due to COVID there will be no slink skin pick up and this is quite a severe financial down turn for our free Ambulance Service.

The new shed is awaiting some fillings for the inside and an opening day is planned.

Our District Governor is visiting in September and we also have some pupils from Waiau Area School attending to tell us about Borland and the tournament held earlier on.

The club members thought and prayers are with Lion Les Kollat and wish him a speedy recovery.

Congratulations to Shawn and Lea Kollet on their recent arrival.

PLEASE HAVE YOUR ARTICLES, NOTICES, OR UPDATED ADVERTS FOR THE WESTERN WANDERER

SENT IN 20th of September
(for October's Issue)

SEND TO: uourwesternwanderer@amail.com

LAST SIDE PUBLISHING LTD
PO Box 102, Hamilton 3240, New Zealand

Hello, I'm New To Tuatapere!

Lynley McKerrow Celebrant, Preacher, Public Speaker, Southland's Town Crier.

We (myself & husband Terry) have just moved to Tuatapere to live, in this last month, although I have been here many times over the years.

As you will see by my business card (at the top right) I am a Celebrant. All areas of Celebrancy from Weddings, to Funerals, house blessings or perhaps you need someone to conduct a wee service at a meeting you are having. All of these things I can do.

It's always nice, I think, to know what the 'newby' is about. Well here we go. I have lived in Invercargill for many years, and yes over that time have conducted many, many funerals, and weddings.

I have worked in different places in Invercargill and Southland - an Industrial Chaplain, then Chaplain within Rest Homes. Have worked with young people and for some time was a Foster Parent. Bus Driver, mentor, workplace supervisor. For the last six years I have been Southlands Town Crier opening, closing or being present at various functions.

I think my most important role in any of the workplaces, or communities I have lived in is being part of the answer not part of the question.

For now that seems to be enough but am happy if you would like to know more - contact me.

Do you need a speaker at a meeting of your Club or organisation? This is something I absolutely enjoy as I have a range of subjects I could speak on. Do you have a significant event or birthday where the Town Crier would add colour and ceremony? Or you may like to arrange your wedding or even pre-arrange a funeral. Please give me a call on the number on my card.

I'm here and willing to serve the community however I can.

Kia ora, Bula Bula, Nihao Western Wanderer Readers

Happy School Days to Alex and Fletcher who we welcomed to Kowhai class. All the best to Kaleb as he heads away to new adventures; we wish you and your family all the best. Term 3 has been jam packed with learning;

We've had a school wide Oral Language focus this Term with Poetry Recitals for our Year 1-3 students and Speech Presentations for Years 4-8. Thanks to our Guest Judges Anne Horrell and Richard Slee who were tasked with selecting our finalists for Cluster Speeches. There was impressive content with a variety of relevant, informative and entertaining topics. Our Year 1-3 students memorised a variety of sophisticated poems along with expression in voices, eye contact, and with suitable pace and volume. Tumeke mahi tamariki!

Winter Sport has continued for our Year 3&4 and Year 5&6 hockey teams competing in the Invercargill Primary Competition. Our Year 3&4's are 1st equal going to finals. Our Year 7&8 hockey team competes as part of the Junior High Comp. The combination of players from HVP, OPS and WAS has resulted in a final playoff for 1st or 2nd - well done! Our Year 5 and Year 6 teams participated in the Southland Festival of Netball in Invercargill, thanks to the support of Kylie, Jayne, Jaimee and Suz. Thank you Fleur for organising umpires for our teams. Alyssa and Natalie from Waiau Area School were fantastic umpires for our teams games - thanks!

As part of the 2021 Miharo Polyfest our students were entered into the Art Exhibition by Christina Vaughan with a combined presentation from HVP and WAS students. The focus on the Waiau River has provided a voice for our children to share their learning about being kaitiaki/guardians of our awa. Two students have been selected to join the Waiau Rivercare Group in Wellington for the Select Committee Parliamentary Hearing. Fingers crossed for Libby, Tomas and Jen in their journey to Parliament.

Throughout the Term we have been rehearsing regularly for Polyfest. Our learners continually step up to the challenge of learning including Maori and Samoan language as we develop melodies, lyrics and actions to illustrate the narrative of each song. HVP Year 7&8 students have demonstrated leadership in learning poi, haka and sasa. The power of performing in unison and achieving a whole school performance package is just amazing! We can't wait for our friends and families to see, whether it is the virtual world initially and then real life eventually!

As we develop learners for life, we look to provide opportunities for learning outside the classroom with a range of activities that are authentic, hands-on and interactive while building on classroom learning. "Always Our Best/Tonu te tatou pai". Stay warm and safe and we will see you soon.

Nga mihi nui,

Julia Waikato, Tumuaki/Principal

Lion's Park Playground

Anne Horrell, Deputy Chairperson, Tuatapere Community Board

Recently the Southland District Council did a thorough review of playgrounds within the Southland district. Although some items of playground equipment are now deemed unsafe and require removal; on the positive side new pieces will be installed. The latest in playground equipment aims to help many aspects of a child's physical development and, in fact, new equipment must reach a standard of safety and prove it helps physical coordination, motor skills, balance etc. Many items of playground equipment we grew up with did exactly the same thing-but perhaps there was less analysis on physical benefits! For us-it was all good fun-and so it should continue to be! I'm sure we all benefited from swinging, balancing, climbing and playing in playgrounds-not just due to the equipment but also fresh air and companionship.

Two pieces of play equipment are situated in the small 'Lions' Park' which is near our wonderful sausage sign. It has been identified that, due to the close access of a busy road, these two items will be removed. We are very sorry for those families who use this equipment. We hope that you can just go a little further to the Half Mile playground and enjoy the new pieces which will be installed there!

WANTED TO BUY

Possum Fur, Hard deer, Antler, Deer Velvet. Phone Leith 027 496 3721

I write this recipe while we are in a Level 4 lockdown and we are all longing for that day when we can explore the world again. One of my favourite countries to holiday is Bali. This curry takes me right back to exploring their beautiful country.

Balinese Chicken Curry

Ingredients

- 4 chicken breasts, skinless
- 1 medium onion
- 3 cloves of garlic
- 2 mild red chillies
- ½ cup cashew nuts
- 1 heaped tsp ground turmeric
- 5 tbsp lemon juice
- 2 tbsp dark soy sauce
- 2 tbsp brown sugar
- 2 tbsp grated fresh ginger
- 2 tbsp rice bran oil
- 1 tin coconut milk

Method

Cube chicken and sit aside. Combine roughly chopped onion, garlic, chillies, cashew nuts, turmeric, lemon juice, soy sauce, sugar, and ginger in a food processor. Blend until the mixture forms a paste.

Heat oil in a heavy based pan and add the blended spice and nut mixture. Fry this, stirring to prevent sticking, for 4-5 minutes to let the flavours develop.

Add the chicken and cook for a further 15 minutes.

Add the coconut milk, reduce the heat to low and simmer uncovered, stirring occasionally, until chicken is tender and sauce has thickened (about 15-20 minutes).

Serve with rice.

WAIAU TOWN & COUNTRY CLUB Tuatapere, Southland

Position: Club Manager - Full Time

We are looking for someone to take over the day-to-day operations of our club and run our dedicated team. We offer good home cooked meals, family friendly hospitality, a great place for locals to enjoy a meal, beverage and socialise. We have an excellent space for functions and large group gatherings.

Ideally, the person would be experienced in the hospitality industry and hold a current Bar Managers Certificate or be in a position to obtain one. Duties include hosting, rostering, ordering, bar duties, barista, gaming, stocktake, administration duties and the overall smooth running of the club to ensure a great experience for guests.

Start date, early to mid-October 2021 but is negotiable for the right candidate.

Email your CV and cover letter to: waiautcc@gmail.com For more information call Gary on 027 698 8360

Applications close 24 September 2021

Casual Bar shifts & Casual Chef shifts available!

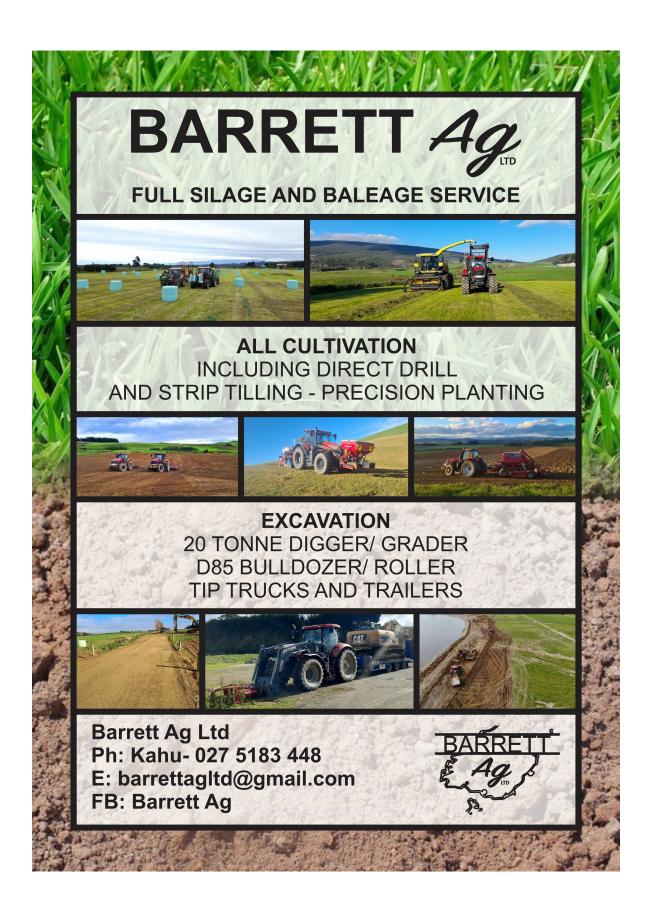

Casual Bar shifts: Weekend work (Bar Managers Certificate preferred).

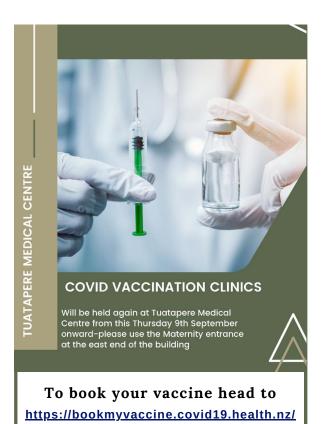

Casual Kitchen Hand shifts: to help in the kitchen during busy times and functions.

Casual Chef shifts: to help our team during busy times and functions, ideally with experience in grill cooking, hours are mainly weekends.

Email your CV and cover letter to: waiautcc@gmail.com For more information call Gary on 027 698 8360

Well, here we are again in lockdown. I am writing this on Friday 20th August 2021. I have a funny feeling we will be staying in lockdown. We don't want Covid 19 down here. Please wear a mask and stay home.

The Senior Citizen building has had the iron on the roof repaired. A member of the public alerted us to this. Thank you. They reported this through the RFS system.

Thank you, Owen from South Roads. He trimmed the shrubs around the Recycling Centre and the Happy Valley Road.

Megan from SDC circulated the survey forms to the ratepayers who pay rates to the Clifden Hall. The results will be collated soon.

The workshop meeting on Tsunamis has been rescheduled because of the presenters being unwell.

I welcomed several ratepayers to our August Tuatapere Te Waewae Community Board Meeting. They wanted to speak in the Public Forum section of the meeting on the 3 Waters Debate that is before our Councils and the issue of the planting of trees on good productive farmland and the ongoing effect it could have on our community.

Two further pieces of work that the SDC and the Community Boards will be undertaking shortly are the Natural Features and Landscapes Survey and the Open Spaces Strategy.

If we're still in lockdown - stay safe, stay home.

SOUTHLAND DISTRICT COUNCIL

George Harpur, SDC Councillor, Waiau Aparima Ward

Welcome to the month of September, spring and some sunshine will be great. The pressing topic currently before Council is the 3 waters debate. Up until 17/08/21 we have had very little concrete data from central Government to form some hardline

approaches as to the future of this projected issue. Many stories have been circulated based on personnel assumptions (some may turn out to be correct) and with the crown doing a large dirty water advertising campaign there is reason for doubt as to the sincerity of the project. Lack of time for consultation among the ratepayers, initial lack of information to the SDC and its Community Boards and an indication of whether to opt in or out by 1/10/21 all very serious concerns. Many questions have been asked of the LGNZ team and likewise the DIA and some are slowly being answered and sifted through. The Mayor and his Deputy along with the CEO were to attend a meeting in Christchurch 23/09/21 to further discuss many of the issues arising however covid has delayed this.

On the local scene it was great to see a great turnout of concerned locals attend our Community Board meeting on Monday evening. 16/8/21 Two well-presented and well researched issues were raised. Jaspreet Boparai spoke on concerns over the 3 waters (of which I have already commented) and Chris Bogers presented some excellent detail on the invasion of forest plantings on once productive grazing land, citing the effects this practice has on the local infrastructure, IE schools, local industry, farm employment and also the shading effect on the local roads during the winter months. As a longterm resident of the area this does give me serious concern as I have seen the long-term effects of this practice over the years with large tracts of land being converted. Our shearers, fencing contractors, transport operators, have in many cases centralized for economic stability, leaving our rural regions wondering where the next generation of workers will come from for the remaining infrastructure. Some serious thought needs to go into this I believe.

As I write this we are into our third day of a Level 4 lockdown. Hopefully as you read this, we're no longer in lockdown. However, if we are still in lockdown, please stay inside and within your bubble til we beat this together.

Cheers for now.

Ratty Says ...

Waiau Memorial Library

Guess what I learned to make?
PIZZA!!!! Woohoo! My favouritest
food in the whole world. The Rural Women held a
cooking class at WAS during the last school holidays.

When I heard they were going to teach pizza making I got so excited. Have I ever mentioned that I LOVE pizza?

I was going to learn how to make cheese rolls as well. I'd never had one before so I was curious. They have cheese in them, that's a good start. I got to measure all the ingredients out and mix everything up. The dough was very sticky and kept sticking to my paws. It might have been because I added too much milk to the flour. I didn't read the part where it said to 'add the milk slowly and leave some liquid behind'. Ooops, my bad. I finally got everything right, (I had help) and a grown up put the pizza in the oven. I'm still not allowed near hot appliances, something to do with standing on a hot stove. It took FOREVER for the pizza to cook.

My tummy was rumbling the whole time. Then I had to wait for it to cool down, time passes very slowly when you really, really want to do something. Like eat pizza. It was YUMMO!

Next were the cheese rolls. The only thing I knew about them was that they were made up of bread and cheese. Turns out they're made from lots and lots of cheese. Other stuff went into the mixture but I didn't take notice because I was too busy keeping an eye on the cheese. I wanted to nibble on some but someone was watching me watch the cheese so I had to wait until it came out of the oven. I couldn't wait to eat one or two. They were very.....cheesy. I think I'll stick to my cheese pizzas.

I had lots of fun and made a big mess on my bench but I did clean it up, kind of. I'm not sure what the teachers would say if they knew a rat had been sitting on the kitchen bench? Sshhhh, don't tell them, they'll never know.

SPECIAL FEATURE - PART TWO

Continued from the August Issue ...

CHARLTON George of Tuatapere

Molly married Les Guthrie, who along with his brother Ernie owned 2 sawmills up the Groveburn - later bought by Port Craig. Les was of an impulsive nature. During the War fuel was rationed by the mills could get extra rations for the business. All fuel came in 44 gallon drums. One night Les lit a match to see down into the drum and check to the level. There was a mighty explosion and the drum, plus the carshed and the car itself disintegrated. Les was singed but unharmed! He was also noted for having a short fuse temperamentally. He was having trouble with a telephone operator and was shouting and raving at her over the line. "Mr Guthrie, if you don't stop talking to me like that, I'll have your phone disconnected!" said the operator. "Don't bother," said Less, "I'll do it myself." - and ripped the phone off the wall and threw it through the nearest window! The grand gesture!

Lex Charlton spent much of his life locally, attending primary here and secondary at Southland Boys and Timaru Boys. He joined the National Bank in Tuatapere on leaving school, moving to Blenheim and Otautau before returning to Tuatapere. 1939-45 saw him overseas with the army. In 1945 he married Betty McKay - a local girl. He was a prominent sportsman at many sports, playing and coaching rugby, and playing tennis and cricket regularly at a skilful level. His banking skills led to his being asked to audit many local organisations' accounts, which he did for many year. In 1955 he bought the dairy beside the Memorial Hall and served the public from there for 25 years (like his father before him - it must have been in his blood!) When they retired to Erskine Street he continued his auditing work. He died in 1996 and Betty six months later.

Nancy had a rather sad story. She died in 1944 aged 26yrs, having been engaged to Ray Watson of Otahu Flat. Ray was killed in 1944 when on a special ops flight to the French Resistance during the war. Ray is believed to have found out about Nancy's death that day. Grandfather William died also just three months later. He never got over the deaths of Nancy and Ray. Brother Lex meantime was over in Noumean fighting for his country and he couldn't get home.

George Jr still lives in Tuatapere, with his wife Elaine, working as did his ancestors in the sawmilling business and his children are still around too. You might have seen Elaine delivering the mail around town.

Kia ora Western Wanderer Readers!

I trust you are well and are looking after yourself/one another during this Lockdown period. I appreciate there are people / families doing it tough. Hang in there.

"Tough times never last, but tough people do." ~ Robert H. Schuller

ERO visited us a few weeks ago and had their major audit review. They were extremely positive about WAS and what we're achieving. This report will be out shortly on the web.

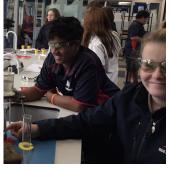

Here are some 'proud of moments' pics. We are all very proud of WAS, especially our students.

TUATAPERE HISTORY FEATURE

SHARED BY GEORGE CHARLTON CONTINUED FROM AUGUST ISSUE

To Orepuki by Boat

"Hugh Erskine built, first of all, a flax maimai and lived there until a two roomed slab hut was built and here, he and his family, lived for 12 years until it was replaced by a bigger house. There were no roads in those days and there was only one way out to Orepuki -by boat. By two boats, as a matter of fact, because they had to row across the two mouths of the Waiau River, and there was a boat at each. The horse would have to follow behind the boat and the ride would be resumed at Waihoaka. From there the road to Orepuki was a track through the bush. In that flax maimai, where Hugh Erskine first lived with his young family, the first girl to be born in the Waiau District was born. Today she is Mrs Jim Young, who is living in the Tuatapere town-ship. On Saturday next Mrs Young will re-enact, at the celebrations, the cutting of the ribbon across the bridge as it was done by her mother many years before. Most of the river crossings, in the early days, were made by punt; but cattle had to be swum across the river at the mouth one at a time following the boat. As time went on it was found that the punts could not do the work, especially when they also had to contend with the varying conditions of the river. People would have to wait on one side for the pleasure of the puntman- and, sometimes, the puntman was unaccountably deaf to a hail! Representations were made from time to time to the government for a bridge across the river. The answer was always that the cost of erecting a bridge in such a sparsely settled locality was not justified. Finally, Hugh Erskine offered to build the bridge in return for the land around it. And, at last, the authorities began to see that there might after all be some grounds for acceding to the request of the settlers and so, after years of frustration, the bridge was finally opened in 1915.

The Papatotara section today is an area of smiling green fields with fine homesteads and healthy sheep and here, as in other farming areas, the drudgery has been taken off farming by mechanisation. But when William Erskine, Hugh Erskine's son, took up his block of land when he was a youth of 19 (he is 75 today), he was confronted with a breaking in task that would have daunted a lesser man. "Even then", he says 'I didn't do much till I was married and then I had to settle down." Settling down, consisted of felling the bush and draining the swamps to allow breathing and living room and to prepare the land for grazing. Everybody lived in the bush- there was even a view of the Longwoods which stand out so clearly today for all to see. In those years of development there have been many changes in the method of land clearing, starting from the axe and the saw and the block and tackle operated by horse to pull the stumps out and when the stumps were wrenched clear they had to be cleaned of their soil. Later, the timber jack was introduced and that was considered a great innovation and this was followed by gelignite, which again simplified the operation. The traction engine followed this but it was not until the coming of the bulldozer and the excavator that the district really began to forge ahead. (... more next issue) 25

We require BULK SOWER OPERATORS for our modern units based at Pukemaori. Applicants for this position would have a minimum Class 2 Licence but a four or five licence would be advantageous, if you live in Tuatapere or within the surrounding districts give me a call.

Financial assistance may be given to help obtain a Class 2 Licence.

You may have had some tractor / truck driving off road experience and want to further your interest in heavy transport. We are happy to help you into this position.

If you are reliable, have a can-do attitude and think you would be able to operate a bulk sower, then we have a position for you with good remuneration and allowances dependent on relevant experience, also you can join our free medical insurance scheme.

D T Kings transport operates under a drug and alcohol free policy; Successful applicants will need to pass a pre-employment test.

Local company employing local people.

NEW FEATURE! STUDENT WRITING

We are delighted to introduce our new feature! We will be sharing (with permission of course) pieces of writing from our local student community. Special thanks to our first student contributor -Year 13 Waiau Area School student, Malakai Mangion, for this piece she wrote last year as a Year 12. This was an English Assignment.

SOCIETY

FIFTY SHADES OF WHITE **PRIVILEGE**

White privilege, what is its true meaning?

WRITTEN BY: MALAKAI MANGION

'IN THIS DAY AND AGE' white privilege and racism are often associated as being the same thing... yes, white privilege stems from the same tree as racism but they are different. It is important to recognise that just because you have white privilege does not mean you are racist. Rather it is a latent bias committed by white people's lack of awareness that they hold this power. These privileges come in different forms, such as White Privilege as the 'Power of Normal' and White Privilege as the 'Power of the Benefit of the Doubt'. These are both results of racism that allow for the constant recreation of equity.

A simple everyday example of white privilege as the 'Power of Normal' is going to buy skin coloured band-aids but they only match the skin tone of white people. This example seems like a minor issue but if a supermarket has the majority of its products catered to one race and the needs of other races are segregated or put into a 'special' section it expresses 28 something else going on beneath

the surface. A website called Teaching Tolerance sums up white privilege as the 'Power of Normal' by saying, 'White people are more likely to move through the world with an expectation that their needs will be readily met. People of color move through the world knowing their needs are on the margins. Recognizing this means recognizing where gaps exist.'

'White people are more likely to move through the world with an expectation that their needs will be readily met. People of color move through the world knowing their needs are on the margins. Recognizing this means recognizing where gaps exist.'

~ Corey Collins (What is White Privilege, Really?)

White Privilege also comes in the form of the power of the 'Benefit of the Doubt'. If someone consistently sees a certain race portrayed in a negative light on TV or from the media as an example, they will then stereotype and categorise them in that way. An example of this is police brutality on African Americans. Recent statistics show that a black person in America is 3 times more likely to be killed by the police than a white person. This was shown with the murder of African American George Floyd; he got arrested for allegedly using forged cash and died at the hands of a police officer, which sparked many protests around the world against police brutality. A professor at the Southern Methodist University describes the benefit of the doubt in a tweet saying 'George Floyd and I were both arrested for allegedly spending a counterfeit \$20 bill. For George Floyd, a man my age, with two kids, it was a death sentence. For me, it is a story I sometimes tell at parties. That, my friends, is white privilege.'

... to be concluded next issue. 29
